

TS³ Transfer to STEM Student Success

Information Session September 22

Hunter College

Pursue Your STEM Future: The CUNY TS3 Program at Hunter College

The CUNY Transfer to STEM Student Success (TS3) Program supports students transitioning from a CUNY community college to a four-year CUNY campus.

If you:

- have earned an associate degree or have at least 60 credits from the previous academic year
- are transferring to Hunter College

are pursuing STEM fields

The TS3 program is an exciting opportunity for you!

Program Overview

TS3 provides a comprehensive year of support designed to help you thrive at Hunter College. As a participant, you will:

- Develop key skills through academic-year workshops covering essential topics like laboratory safety and science communication.
- Gain mentorship as well as access to different opportunities
- Gain research experience by conducting an eight-week, faculty-mentored research project during the summer.
- Present your work at a university-wide symposium, sharing your findings through a poster or oral presentation.
- Receive financial support with a \$7,000 award upon completion of the full program.

This combination of mentorship, practical experience, and professional development prepares you for advanced study and a career in STEM.

To apply, please submit the following materials:

- An official transcript
- A personal statement
- Two letters of reference (one must be from a faculty member at your current college)

Applications are now open and will be reviewed on a rolling basis through
